Touch Circle Clock Wallpaper + Privacy Policy

October 2016

Welcome to our Privacy Policy. It explains what information we collect when you use Touch Circle Clock Wallpaper + (the "App"), and how we use this information. The App is published and supported by "KAPP Development" team registered as "Sole Entrepreneur Grigoriy Karpiak", F.Skoriny Str. 43a/37, 220141 Minsk("we" or "us"). We are highly committed to respecting and protecting your privacy rights.

Personal Data and Content

You do not need to register or provide any personal data - i.e. information that identifies you as a person - to use the App. When you allow the App to access calendar or storage on your mobile device, no personal data is collected.

Mobile analysis

Answers

To help us to continuously improve and optimize the App, we use third party analytics provider Answers from Twitter, Inc. Therefore, the App will collect certain non-personal information automatically, such as your unique device identifier (UDID), mobile phone carrier and certain events in the app (appearance or content change, etc.). This information does not enable us to identify you as an individual and is for internal use only.

More about Answers and its privacy policy can be found at https://answers.io/img/privacy.pdf.

Crashlytics

To identify how and under which circumstances the App crashes, we use third party analysis service Crashlytics from Twitter, Inc. The service looks for app crashes, analyzes the collected data and provides reports to us. Therefore, Crashlytics automatically collects your device ID. This information gives an indication of how the App was functioning at the time of the crash.

More about Crashlytics and its privacy policy can be found at https://try.crashlytics.com/terms/privacy-policy.pdf.

Updating the Policy

We may update this Privacy Policy at any time to reflect changes to our privacy practices. Please ensure that you check the Policy regularly for such updates. In case of material changes, we will notify you via the App.
